WRRRC ONLINE VERIFICATION TOLL Verification of Present Couples/Formations on the Competitions

From 01.01.2015 the use of the **WRRC-Online Verification Tool (OVT)** is obligatory for all the organizers of the official WRRRC Competitions. This new "chek-in" toll of the WRRC provides the organizers and the WRRC-Scrutineering Team team with the accurate data about the present and canceled competitors without exchanging the papers, which in the past very often led to mistakes in the initial starting lists on the competition.

After the competition will be granted to the organizers, they will receive the data to enter the OVT, where they will have access to the competition(s) which were assigned to them. The Login-data will be provided in due time by the WRRC-Office.

The organizer must provide his own verification team with the PC which is connected to Internet, and they will check online the competitors as they come to the competition office. They have to login on the following page:

www.wrrc-registration.com

USER NAME: xxxxxx

PASSWORD: xxxxxx

As organizer, you can login at any time, but the competition data for the verification will be available 48 hours before the start of the competition.

After you log in, the following screen will open, and you will have to choose the type of the competition (couples or formations):

ENTRY LIST COUPLES:

If the more than one event was granted to the organizer, choose the appropriate event from the drop-down list:

After that, the list with the announced couples will appear

The couples are sorted by the countries (menu on the left side), and within the country by Class and starting number. Initially, all the couples are “canceled”, with the red “X”. Clicking on the radio button in the column OK, automatically verifies that the couple is present on the competition (saved directly in the WRRC database).

ENTRY LIST FORMATIONS:

The procedure to verify the formations is slightly different than by the couples:

When you select the minimal number of members of the formations (according to WRRC rules), the formation is automatically verified for the competition. Only the members who are on the list can dance, without exception. In case there will be some problems, the coach of the formation has to come to the Supervisor and Scrutineering Team, to clarify the registration of the formation.

START LIST: Here you have the overview of the whole starting list by categories and than by starting numbers:

15.11.2014 - World Championship RR MC & World Masters BW & WC Girl formation Juniors

When the registrations of the couples/formations will be over, the WRRC-Scrutineering Team will close the verification, and download the data directly into the Scrutineering Team program. After that time, no entries will be accepted any more. This will be done in coordination with the organizer. The WRRC-Scrutineering Team can close the registrations for each class of the competition individually, according to the timetable and type of the competition.
