

WRRC ONLINE VERIFICATION TOOL

Verification of Present Couples/Formations on the Competitions

From 01.01.2015 the use of the **WRRC-Online Verification Tool (OVT)** will be obligatory for all the organizers of the official WRRC Competitions. This new "check-in" tool of the WRRC provides the organizers and the WRRC-Protocol team with the accurate data about the present and canceled competitors without exchanging the papers, which in the past very often leaded to mistakes in the initial starting lists on the competition.

When the competition will be granted to the organizers, they will receive the data to enter the OVT, where they will have access to the competition(s) which were assigned to them. The Login-data will be provided in due time by the WRRC-Office.

The organizer has to provide his verification team with the PC which is connected to Internet, and they will check online the competitors as they come to the competition office. They have to login on the following page:

www.wrrc-registration.com

USER NAME: xxxxxxx

PASSWORD: xxxxxxx

As organizer, you can login at any time, but the competition data for the verification will be available 24 hours before the start of the competition.

After you log in, the following screen will open, and you will have to choose the type of the competition (couples or formations):

ENTRY LIST COUPLES:

The screenshot shows a navigation menu with several tabs: Competition, Competition office (which is highlighted in orange), Ranking lists, Results, and Administration. Below this menu, there is a vertical list of options: Entry list couples (which is highlighted with a yellow background and a cursor arrow pointing to it), Entry list formations, and Start list.

If the more than one event was granted to the organizer, choose the appropriate event from the drop-down list:

The screenshot shows a dropdown menu with the following options: 12.7.2014. - World Masters RR Main Class & ECh RR Formations Juniors, 12.7.2014. - World Masters RR Main Class & ECh RR Formations Juniors, and 11.7.2014. - European Ch. RR Formation Main Class, World Cup RR Y/J.

After that, the list with the announced couples will appear

Rock 'n' Roll Girl Formation Juniors

Minimum Dancers: 8 Maximum Dancers: 16 Current Dancers: 8

When you select the minimal number of members of the formations (according to WRRC rules), the formation is automatically verified for the competition. Only the members who are on the list can dance, without exception. In case there will be some problems, the coach of the formation has to come to the Supervisor and Protocol, to clarify the registration of the formation.

START LIST: Here you have the overview of the whole starting list by categories and than by starting numbers:

Start nr	WRRC ID	Name	Category	Country	Present
Boogie Woogie Main Class					
3	68685	KOVALOV Sergii - KAPUSTINA Sofya	Boogie Woogie Main Class	UKR	X
4	69210	DUJAKOVIC Matej - WEINEMO Cajsa	Boogie Woogie Main Class	SWE	X

11	67595	CHANTON Ludovic - AUREL Stacy	Boogie Woogie Main Class	FRA	X

When the registrations of the couples/formations will be over, the WRRC-Protocol will close the verification, and download the data directly into the Protocol program. After that time, no entries will be accepted any more. This will be done in coordination with the organizer. The WRRC-protocol can close the registrations for each class of the competition individually, according to the timetable and type of the competition.

OTHER MENU-ITEMS

All other menu items give the organizer additional information about the competition(s) of the WRRC (WRRC Calendar of competitions, overview of the announced competitors for the open events, current ranking lists and results of the previous competitions), which are not essential for the actual competition of the organizer.
